graffiti. Income and financial status of the owner shall not be a factor in the court's determination. The present value of the structure and the costs of repair, alteration, or improvement may be established by affidavits of real estate appraisers with a Georgia appraiser classification as provided in O.C.G.A. title 43, chapter 39A, qualified building contractors, or qualified building inspectors without actual testimony presented. Costs of repair, alteration, or improvement of the structure shall be the cost necessary to bring the structure into compliance with the applicable codes relevant to the cited violations in force in the jurisdiction.

"This building is unfit for human habitation or commercial, industrial, or business use and does not comply with the applicable codes or has been ordered secured to prevent its use in connection with drug crimes or constitutes an endangerment to public health or safety as a result of unsanitary or unsafe conditions. The use or occupation of this building is prohibited and unlawful."

(f) If the public officer has the structure demolished, reasonable effort shall be made to salvage reusable materials for credit against the cost of demolition. The proceeds of any moneys received from the sale of salvaged materials shall be used or applied against the cost of the demolition and removal of the structure, and proper records shall be kept showing application of sales proceeds. Any such sale of salvaged materials may be made without the necessity of public advertisement and bid. The public officer and governing authority are relieved of any and all liability resulting from or occasioned by the sale of any such salvaged materials, including, without limitation, defects in such salvaged materials.

(g) The amount of the cost of demolition, including all court costs, appraisal fees, and all other costs necessarily associated with the abatement action, including restoration to grade of the real property after demolition, shall be a lien against the real property upon which such cost was incurred.

(h) The lien provided for in subsection (e) shall attach to the real property upon the filing of a certified copy of the order requiring repair, closure, or demolition in the office of the Clerk of Superior Court of Walker County, Georgia, and shall relate back to the date of the filing of the lis pendens notice required under this article. The clerk of superior court shall record and index such certified copy of the order in the deed records of the county and enter the lien on the general execution docket. The lien shall be superior to all other liens on the property, except liens for taxes to which the lien shall be inferior, and shall continue in force until paid. After filing a certified copy of the order with the clerk of superior court, the public officer shall, within ninety (90) days of the completion of repairs, demolition or closure, forward a copy of the order and a final statement of costs to the county tax commissioner.

(i) The amount of the lien shall be collected in the manner as all other ad valorem taxes are collected by the county.

(j) The tax commissioner must remit the amount collected to the county. The tax commissioner may retain an amount equal to the cost of administering collection of the lien. Any amount retained for administration must be deposited in the general fund of the county to pay the cost of administering the lien.

(k) The governing authority may waive and release any such lien imposed on property upon the owner of such property entering into a contract with the county agreeing to a timetable for rehabilitation of the real property or the construction on the property and demonstrating the financial means to accomplish such rehabilitation.

(l) Review of a magistrate court order requiring the repair, alteration, improvement, or demolition of a construction must be by writ of certioari.

Sec. 12-57. Service of complaints or orders upon owners and parties in interest.

(a) Summons and copies of the complaint shall be served in the following manner:

(1) In all cases, a copy of the complaint and summons must be conspicuously posted on the construction or property within three (3) business days of filing of the complaint and at least fourteen (14) days prior to the date of the hearing.

(2) At least fourteen (14) days prior to the date of the hearing, the public officer must mail copies of the complaint and summons by certified mail or statutory overnight delivery, return receipt requested, to all interested parties whose identities and addresses are readily ascertainable. Copies of the complaint and summons must also be mailed by first class mail to the property address to the attention of the occupants, if any;

(3) For interested parties whose mailing address is unknown, a notice stating the date, time, and place of the hearing shall be published in the newspaper in which the sheriff's advertisements appear in such county once a week for two (2) consecutive weeks prior to the hearing; and

(4) A notice of lis pendens shall be filed in the office of the clerk of superior court in which the construction or property is located at the time of filing the complaint in the magistrate court.

(b) The public officer must cause an affidavit of service to be filed of record in the magistrate court prior to the hearing showing compliance with the service requirements of this section. This affidavit constitutes a prima facie showing of minimum procedural due process and constitutes sufficient proof that service was perfected.

(c) Orders and other filings made subsequent to service of the initial complaint must be served in the manner provided in this section on every interested party who answers the complaint or appears at the hearing. Any interested party who fails to answer or appear at the hearing waives all further notice in the proceedings.

Sec. 12-58. Limitation of liability for code enforcement; no special duty created.

It is the intent of this article to protect the public health, life, safety and general welfare of residents and visitors of the county, but not to create any special duty or relationship with any individual person or to any specified property within or without the boundaries of the county. Approval of a permit and inspection of a property does not guarantee or warrant to the owner or occupants thereof that the property has been constructed, maintained or operated in conformance with applicable codes, laws and regulations. The county reserves the right to assert all available immunities and defenses in any action seeking to impose monetary damages upon the county, its officers, employees, or agents arising out of any alleged failure or breach of duty or relationship as may now exist or later be created. To the extent any federal or state law or regulation requires compliance as a condition precedent to the issuance of a permit, plan, or design approval, inspection or other activity by the county, its officers, employees, or agents, issuance of such permit, approval, or inspection does not constitute a waiver or estoppel of the condition precedent, and it remains the obligation and responsibility of the owner, his design professional(s), and contractor(s) to satisfy such legal requirements.

Sec. 12-59. General cleanliness of premises.

The owner and occupant of property within the county is independently responsible for keeping the premises, including any construction thereon and the full yard thereof, clean and free from all garbage, refuse, filth, dirt, ashes, trash, rubbish or other offensive materials.

Sec. 12-60. Disorderly house.

(a) Any person who keeps and maintains, either by himself or others, a common, ill-governed and disorderly house, to the encouragement of gaming, drinking, illicit drug activity, or other misbehavior, to the common disturbance of the neighborhood or orderly citizens, shall be guilty of an offense against the county; provided, however, before any person is charged under this subsection, written notice shall be given the owner of the property and the person in possession thereof by the chief of police stating the general, customary and common habits of the house, giving fair notice of this subsection and the conduct proscribed thereby.

(b) Any person who shall allow any boisterous, noisy, drunken or riotous persons to assemble or remain in their house, apartment or upon their property, after receiving oral notice from a police officer that boisterous, noisy, drunken or carousing activities have caused complaint and annoyance to the common disturbance of the neighborhood or orderly citizens, shall be guilty of an offense against the county; provided, however, no person shall be charged under this subsection unless the owner or person in possession of the premises has been afforded an opportunity to disburse the assembly or offending person from the premises. This subsection shall not preclude a police officer from arresting any individual for criminal trespass where such individual knowingly and without authority remains on private property after being notified by the owner or lawful occupant to depart.

Sec. 12-61. Violations; enforcement penalties.

Any person who willfully refuses to comply with the provisions of this article will be cited to appear before the magistrate court and, upon conviction, may be punished according to the provisions of Chapter VII, section 7-18 of the county's charter.
