Inspection Comments

Upon arrival to the Walker County Animal Shelter met with Walker County Shelter Manager, Emily Sadler and Shelter Employee, Cortney Andes to perform a routine inspection of the above listed facility. I walked facility with Director Sadler inspecting premises, animals, and their enclosures.

Facility was clean and in good state of repair. There was a current GDA Animal Shelter License posted with an expiration date of 01-31-2020. There were fire extinguishers on property. I walked office, kennel areas, intake areas, and storage areas. Animals were only housed in the kennel and intake areas during inspection. All food and supplies appeared to be stored in an adequate manner. All enclosures appeared to be cleaned and sanitized. All animals appeared to have access to water during inspection. All animals appeared to be separated adequately and appeared to have space to move about freely. All animals appeared to be receiving humane care and appeared to be free of disease, or receiving treatment.

Record keeping appeared to be accurate and up to date. I checked incoming and outgoing records, as well as rescue group authorization forms. We went over regulations regarding rescue group authorization forms for out of state rescue groups during inspection. Records are kept in digital and paper form.

I did not witness euthanasia during inspection. I checked records regarding euthanasia during inspection, which appeared to be accurate and up to date. There was a current DEA License posted with an expiration date of 07-31-2020, held by Dr. Benson, D.V.M. There is currently one employee listed on the "Lay Person's Letter," Courtney Andes. The Lay Person's letter was updated on 03-28-2019. All euthanasia drugs were stored in a combination and key safe, in a room that can be locked.

Facility appeared to meet all requirements for a GDA Animal Shelter License during inspection. I will email inspection to Director Sadler and Commissioner Whitfield.

Pet Inventory:

Cats – 20

Dogs - 58
