

EPA Brownfields Assessment Coalition Grant

Brownfield Site Application/ Consideration Form

This form is for property owners that are interested in having their property assessed as part of the Brownfields Assessment. It is requested that the form be filled out as completely as possible to provide Walker County with the information necessary to select sites as part of the overall growth plan.

What is a Brownfield?

Brownfields are defined as “real property,” the expansion, redevelopment or reuse of which is complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in brownfields properties protects the environment, reduces blight, and takes development pressures off greenspaces and working lands.
