Inspection Comments

Upon arrival I met with Walker County Animal Shelter Employee to perform an unannounced routine inspection of the above listed facility. We walked facility inspecting premises, animals, and their enclosures.

Facility was clean and in good state of repair, cats were being unloaded from a trip to the vet, there was a slight odor in the front area due to cats in the carriers. There was a current GDA Animal Shelter License. There were fire extinguishers on property. All enclosures appeared to be routinely cleaned and sanitized. All food and supplies appeared to be stored in an adequate manner. All animals appeared to be receiving humane care. All animals appeared to have adequate space to move about freely, and animals appeared to be separated appropriately to prevent the spread of disease and aggression. All animals appeared to be free of disease or undergoing treatment.

Record keeping appeared to be accurate and up to date. I checked incoming and outgoing records dating back to 03-01-2022. Records are kept in digital and paper forms. I checked authorization forms which appeared to meet all requirements.

Facility does not perform euthanasia.

Facility appeared to meet all requirements for a GDA Animal Shelter License during inspection. I will email inspection to Director and County Commissioner.

Pet Inventory: 82 dogs (20 at vet) and 63 Cats (22 at the vet)
